AI SPECIALIST ROLES

Expert Talent to Build, Integrate, and Scale Your AI Strategy.

THE STARTER

AI OPS ASSOCIATE

1-5 Years Experience

£3,200 pm

UK INTERNAL HIRE
£4,363 / month
Saving: £1,163 / month

CORE SKILL SET

- **Model Monitoring:** Tracking performance to ensure the AI does not "drift" or become less accurate over time.
- **Data Preparation & RAG:** Cleaning datasets and providing Reinforcement Learning from Human Feedback to sharpen model responses.
- **Prompt Library Management:** Maintaining and version-controlling prompts to ensure consistency.
- **First-Line Troubleshooting:** Identifying why an API call failed or why a model is slow before it impacts the business.

THE INTEGRATOR

AI AUTOMATION SPECIALIST

2-6 Years Experience

£4,400 pm

UK INTERNAL HIRE
£6,004 / month
Saving: £1,604 / month

CORE SKILL SET

- **Workflow Orchestration:** Using tools such as LangGraph, CrewAI, or n8n to link AI to client systems, including CRM, ERP, and Slack.
- **Agentic Development:** Creating autonomous agents that can research, email, and update databases without human hand-holding.
- **Custom GPT & Copilot Integration:** Tailoring off-the-shelf tools such as Microsoft 365 Copilot to suit specific departments, including HR, Finance, and Sales.
- **Legacy System Bridging:** Helping legacy software communicate with new AI through custom API wraps.

THE BUILDER

MACHINE LEARNING (ML) BUILDER

3–8 Years Experience

£5,600 pm

UK INTERNAL HIRE
£7,804 / month
Saving: £2,204 / month

CORE SKILL SET

- **RAG (Retrieval-Augmented Generation):** Connecting LLMs to a client's private company data so the AI understands the business specifically.
- **Vector Database Management:** Designing and scaling databases such as Pinecone, Weaviate, or Milvus for fast data retrieval.
- **Model Fine-Tuning:** Taking open-source models such as Llama 3 or Mistral and training them on niche industry data, including Legal, Medical, and Engineering.
- **Deployment & Scaling:** Ensuring the AI can handle 10 users or 10,000 users without crashing or generating excessive compute costs.

THE STRATEGIST

AI SOLUTIONS ARCHITECT

5–12 Years Experience

£7,200 pm

UK INTERNAL HIRE
£10,263 / month
Saving: £3,063 / month

CORE SKILL SET

- **Tech Stack Selection:** Deciding which models and platforms, including AWS, Azure, and OpenAI, offer the best balance of cost and performance.
- **Security & Data Sovereignty:** Designing the Dev/Secure Desktop environment to prevent data leakage.
- **Compliance Frameworks:** GDPR, the Data (Use and Access) Act 2025, ICO guidance on AI, and the EU AI Act where a business operates in EU markets.
- **Cost Optimisation:** Architecting the system to minimise token spend and prevent the AI becoming a bottomless money pit.
